

KEEP IT CLEAN: FOLLOW THE LABEL

Your on-farm practices can help protect market access for all. Always follow the label on all crop protection products for application rate, timing and pre-harvest interval (PHI).

➔ **RATE:** Always follow the correct application rate.

➔ **TIMING:** Apply crop protection products only at the recommended crop stage.

➔ **PHI:** Stick to the PHI – the number of days between spraying and cutting the crop.

Remember – off-label use is illegal and may result in unacceptable residues, putting the marketability of your crop at risk.
